FIVE LEAVE ON RELOCATION

Five student evacuees have obtained releases here to date to indicate that individual relocation is still going apace.

"Although most of the student releases will come too late for fall quarter, it is to be hoped that many can be got through for winter quarter," Carl Sandoz, Counselor, said.

Final work on the release of students is up to the National Student Relocation Council in San Francisco, but the local office helps the student get the necessary information he explained.
